OFFICIAL

INSPECTOR GENERAL: The Office of Criminal Investigations (OCI) is the investigative arm of the NASA Inspector General (IG). The OCI is an independent entity and reports directly to Robert Cobb, the NASA IG, in Washington D.C. The primary mission of this component is to conduct criminal and civil investigations of reported or suspected fraudulent acts by employees, contractors, and others relating to the administration of NASA contracts and programs. Although emphasis is placed on major procurement fraud, (particularly allegations of defective/substandard parts, mischarging, kickbacks, bid rigging, and research fraud), investigations are also conducted of theft, conflict of interest, environmental and hazardous waste violations, health care fraud, and computer related crimes. OCI also provides fraud briefings for Government and contractor employees that are designed to highlight potential risks concerning fraud and related matters. Suspected violations can be reported by calling 867-4714 locally, the toll free Hotline at 1-800-424-9183, or by writing NASA Inspector General, P. O. Box 23089, L'Enfant Plaza Station, Washington, D.C. 20024. The OIG Cyber-Hotline can be accessed at www.hq.nasa.gov/office/oig/hq. (OIG)

MISUSE OF THE NASA INSIGNIA: Use of the computer templates, containing the NASA Insignia, for the production of NASA letterhead in electronic form is not authorized and should be removed from all computer systems. The Associate Administrator for Public Affairs has requested all NASA centers use only the printed NASA letterhead stationery. "The use of computer file NASA Insignias to custom design stationery provides opportunities for image manipulation and standards degradation which will adversely reflect the professional image of the Agency." If not approved for specific applications, electronic images of the NASA Insignia ("meatball") should be removed from computer systems. (IT-D1)

FEDERAL EMPLOYEE WORK-RELATED INJURY: Federal employees are reminded that they are responsible for notifying their supervisors and seeking first-aid care from the KSC Occupational Health Facility for any injury which occurs on the job. For more information, contact Jeanine Meister at 867-8229. (TA-C2)

REPORTING EMERGENCIES: To report any emergency on KSC, whether it is fire, security, or medical related, (including possible hazardous commodity exposure); dial 9-1-1 or 867-7911 from a cell phone. For walk-in type first-aid treatment, the Occupational Health Facility is open Monday - Friday from 7:00 am to 5:00 pm, and the Launch Area Clinic is open Monday-Friday 7:00 am to 3:00 pm. Hours other than those, call 911 for emergencies and/or first aid type treatment. **After normal working hours, the non-emergency medical related assistance will be coordinated through the 9-1-1 operators.** (TA-G)

COLORS OF NATURE, MERRITT ISLAND NATIONAL WILDLIFE REFUGE: The richness and beauty of the Merritt Island National Wildlife Refuge can be viewed in a new series of paintings presented by the Central Florida Plein Air Artists (CFPAA). The upcoming exhibition, "Colors of Nature, Merritt Island National Wildlife Refuge", showcases works in oils, acrylics, watercolors, and pastels, painted on site within the refuge. The show will be held until April 29, 2005 at the Merritt Island National Wildlife Refuge Visitor Information Center, State Rd. 402 (5 miles east of US 1) in Titusville, Florida. Exhibit hours are Monday-Friday, 8:00 am. to 4:30 pm., weekends 9:00 am.-5:00 pm. (Visitor Center is closed on Sundays in April)

For three months members of Central Florida Plein Air Artists have been recording the wonders of the refuge. The artists have interacted with the environment in all weather conditions to capture the constantly changing light and shadows, colors, cloud formations, birds and wildlife, vistas and waterways. From sunrise to sunset the public has had an opportunity to view the artists at work. Now these paintings will be on display at the Visitors Center.

CFPAA is dedicated to presenting and recording, through their paintings, Florida's fast disappearing natural environment. The artists meet at least once a week to paint in various locations throughout Central Florida. The artists also join other plein air painters in Florida and across the nation whenever possible.
